# The Home Helper Guide™

## FROM THE PUBLISHER

We hope that The Home Helper Guide will be a useful tool in identifying local companies that can be of service in your effort to improve and maintain your home. Please keep it handy to save time when you need help around the house!

The Home Helper Guide is not in a position to take responsibility for the quality of the service provided by any of the listed firms. You should take normal precautions such as checking references, verifying that required licenses and insurance are in force, and identifying any city permits needed.

Any references to prices or discounts are included at the advertiser's request and are valid only through March of 2017, or through the expiration date that is published within the advertisement. The advertisers are responsible for honoring their advertised offers.

### **3 REASONS** *your carpet is crying out for help*

- 1** Sand is scratching and dulling your carpet
- 2** Residue is collecting dirt. How do the traffic lanes feel on your carpet
- 3** Pollutants in the air filter through your carpet. Is the air starting to smell stale?

#### **Reasons why you should choose us:**

- Long lasting deep clean.
- We restore your dingy and dull carpet
- We employ only IICRC Certified Cleaners
- Honest Pricing
- You get more than a satisfaction guarantee

*We have used "One Stop Carpet" for many years for carpet cleaning, tile and grout cleaning and repair. We have always been extremely happy!*  
--Rich Diamond, Bill Brown Ford

***“But my carpets don't look dirty.”***

*In the average home over two million dust mites feed on dead skin scales and other debris. They hide in your carpet, upholstery, drapes, mattress, and pillows. Eighty percent of Americans who suffer from allergies are allergic to airborne mite refuse. To help limit their effect on your health, you need to clean your carpets and furniture more often.*
